Fraud Against Me!, I Got The Proof W/ A Report

Posted by: Nivek on 09/04/2008 10:10 AM Hello & to whom it may concern, I'm only wondering while I'm in the situation I'm in, why these help agencies are even established, if when you apply & usually wait only to be denied. I'm disabled & been taken advantage of. There's been a fraud against me, I have proof & still no one will listen to my back burner complaint. PLEASE read & pls. consider any recourse, resource (or) direction would be very appreciate it !!! THX!!! 16 9/1/2008 11:08:00 AM. I'm currently disabled & seriously trying to prevent an accident. I would like to report a defective product that could of caused an accident on my way to my required Dr's. appt. I waited at a stop sign till road was clear & safe. I PULLED my car out & @ a safe distance of about 1/2 mile. My transmission began to lag & drag. I had no choice but to pull off the road because I would of been road kill !!! Please read my letter & remember I'm disabled & w/ out resource, resolve & an advocate (friend) & I deserve your help, believe me. This is my personal call for action!! Is there a any recourse for the disabled & now w/ out resource. I need someone to represent me where I'm unable to defend myself in this matter. Is there a way to present my case to the court system in attempt for a pro bono attorney because lack of fund because all has put me on the back burner. !!! PLEASE READ & PLEASE DO NOT DISREGARD. I would appreciate your time sir !!! Kevin Pfaunmiller To: Whom It May Concern, This is the original letter that I sent to the attorney general's ofc., to only be put on the back burner! I don't only feel that my case & situation not only deserves attention., My case warrant's attention!!!! What they did to me was against the ethic & moral practices. I'm currently on a Dr's note & not permitted to work. If no one believe's me the fault code's displayed tell the fact's. MY name is Kevin Pfaunmiller and I'm disabled and unable to work. I currently do not have the resource's to defend myself against FRAUDULENT PRACTICES! In the name of common decency & ethical practices PLEASE INVESTIGATE Don's performance & allow me to prove myself to the commonwealth, please!? I took my car to Don's Performance corner on 6/26/07 to had a rebuilt transmission installed. On 03/08 my serv. engine soon light came on w/ fault code indicating internal transmission problems. I did exceed warranty by miles, not the 12 months. I went there in good faith thinking I was purchasing a quality product and in fact I didn't, I bought junk. I went back repeatedly and w/ no satisfaction. On 06/02/08 was my last time I was there w/ my car and that visit cost me \$459.00. The original transmission cost me \$2005.00 Why isn't this transmission working. I have all my receipt and a report done by millers garage @ 432-3064 (Robert) In the report it show there is several fault codes indicating transmission problems I have two receipts that reflect tork converter replacements, and that is what the problem is. If don's actually done the work they claim and replaced all those part that are on the receipts, Why are those fault codes displayed. Either the work done (or) the parts installed were of below standard. I feel as if this is a fraud because the evidence of the car not working is overwhelming. Don claims theres nothing else that he can do for me, he never said he could'nt do the job. I learn that by the r! results, and that makes me a victim. The proof he even done the job is'nt supported by the codes displayed or the performance of my car. PLEASE notify Robert @ millers auto ph#432-3064 and he'll confirm the transmission is junk and needs replaced. I depend on my car for my Dr. appt's, an my wife has work. Please allow this forum to serve a purpose and permit me to prove my case before counting me out. I would appreciate any interest, concern (or) co-operation in this matter. The current fault codes P0756/P1870 internal transmission forum to serve a purpose and permit me to prove my case before counting me out. I would appreciate any interest, concern or cooperation in this matter. p.s. Don said he done his part, his part and parts damaged my car. Please INVESTIGATE DON'S PERFORMANCE CORNER, THIS BEHAVIOR CAN NOT CONTINUE TO HAPPEN. They need to be held accountable for there dishonest act's. The proof is in the transmission, how can don deny that. My situation is exhausting & discouraging. I'm disabled, unable to work and not sure where to turn. This garage took advantage of me in my handicap and I feel used. I Pd. over \$2500.00 for parts & labor not rendered and now my account is depleted & my car still is not working. I only want justice & what I'm legally entitled too, a re-emburstment (or) a transmission. I have all my receipts & a report done by a certified garage confirming what's evident. Please allow me to use this forum for me to present my proof & my case.. Sincerely Thx Kevin L Pfaunmiller
